

Frequently Asked Questions

Hybrid Schedule

What is the Hybrid Model?

The Hybrid model is a temporary school schedule that will be decided in 2 week increments. When the school system follows this schedule, students will report to school 2 days a week and will learn remotely the remaining 3 days of the week.

Hybrid

- 1. How will my child receive lessons and assignments?** Your child will receive lessons and assignments from their teacher to complete during the days they are at home.
- 2. Will my child receive additional reading/math support in the hybrid model?** Students will continue to receive additional help in reading and math.
- 3. On remote learning days, do students have to complete assignments during the regular school times or is there some flexibility?** The district has posted a recommended schedule for remote days. Parents may alter this schedule in a way that is more convenient to their families.
- 4. What accommodations are being made for families without internet capability and/or technological devices?** All assignments and support materials will be provided for students to allow for the successful completion of work assigned outside of the classroom.
